

My dear friends.

Thank you for being here!

My name is Shan'A'Maa. It is my original name at the point of creation. Embedded in the sound of the name are my abilities and gifts to serve the process of humanity to awaken to and remember who they are.

Listening to this message means - you are born from the light and feel the desire to return to it. I am here to support you - to heal on all levels of your being - and to recover your spiritual heritage of light and of freedom.

I'm at your side on your journey to find Happiness!

And I can show you how, because I've walked the rocky road myself - to remember who I am.

I help you to do the same.

Much love to you and be blessed!

Ute Shan'A'Maa Posegga
